

# **P.R.S EDUCATIONAL TRUST**

The Way to success is dare to begin.....

# P.R.S EDUCATIONAL TRUST

---

---

- In this world of specialization and globalization the pharmacy education in India is suffering from serious backdrops and flaws.
- There is an urgent need to initiate an academic exercise aimed at attaining revamping of curriculum, keeping in pace with current and emerging trends in the field of pharmacy.
- Innovation has become the watchword in every aspect of life all over the world. The ability of a nation to use and create knowledge capital determines its capacity to empower and enable its citizens by increasing human capabilities.
- Despite unrelenting prosperity in the field of pharmaceutical education and research, the present scenario is still having foggy concepts of educating youngsters.
- The lack of absorption avenues, orthodox teaching learning processes, scarcity of clarity towards future and direction less path and goals have put forth mark of confusions and delirium to the students of present arena.
- The *P.R.S. Educational Trust* was founded in 2016 by Smt. Pramod Sharma and a team of high-spirited, tireless, workalcoholic, minded persons who were having a sole objective of providing value based education in the reach of all. P.R.S. Educational Trust promotes and supports the health care segments and emerging professionals as a whole by providing career development opportunities, education and training, certification courses, knowledge sharing publications, networking and other valuable resources.

# LEARNING MANAGEMENT SYSTEM FOR PHARMACY STUDENTS (MOODLE)

---

---

LMS is a platform for Digital learning.

- L — Learning. With an LMS, you can create a single source of e-courses and training materials. This will become a unique source of knowledge in your area, so that you can keep and increase the in-house expertise of your company.
- M — Management. You can manage courses and learners, and even improve your own efficiency.
- S — System Computer system, to be exact. An LMS automates the most boring and tedious work such as grading, processing statistics, and preparing reports.

## Life Changing Benefits of LMS for students.

- Course Clarity: Learners need the right learning goals
- Motivation to finish what you started
- A personalized experience- knowing proper orientation of the course
- An honest assessment how far you have come
- Finally the progress chart and their Result

## KEY FEATURES OF LMS

### ▪ Access to information anytime, anywhere

- Student can get access study material anytime
- LMS have mobile app that allow students to engage with E-Learning content on any device

### ▪ Centralized Information

- Students can change quickly various resources.

### ▪ Increase Communication

- Students can make connection and exchange opinion with others.
- Students stay updated with latest news from friends

### ▪ Study more enjoyable & Time Saving

- Students can study on their place
- Rich & enjoying content make learning more effective
- Students can rapidly find important & relevant material
- Submit assignment only in one click

# Scientific Writing Services

---

A professional and knowledgeable scientific writing service allows you to develop, plan, construct and deliver a research paper free of errors and published in peer-based scientific journals with a high impact. Through a team of expert and qualified researchers, we deliver the service. You can develop your publication rapidly, easily and efficiently with their skills and expertise.

Scientific writing is distinct from other types because it requires comprehensive written expertise, maturity and accuracy. This is why it is difficult for many researchers to compose an exact article. Some people also fight to locate the correct subject for study.

We are a world-class team of authors, publishing experts and academic articles of wonderful experience. When you reach and participate in our programmes, be assured that you'll be given a high standard of guidance.

## Our Services

- Scientific Editing
- Manuscript Formatting
- Thesis/Dissertation
- Editorial Book Chapter/Book Writing
- Critical thinking/Review
- Research Paper
- Research Proposal Writing
- Title suggestion and Synopsis Preparation
- Proof Reading and Editing
